

## **CHRISTIAN, YOU ARE WORTHY!**

**If we spend all of our thoughts on our unworthiness of heaven, we shall never realize that we are among the chosen ones who will enjoy it. But when we understand and believe the pleasure God takes in demonstrating his greatness, making miserable creatures happy instead of allowing their misery to continue in eternal damnation, and the cost He paid for his mercy to reach us, we see him as the Most High God.**

**When we weigh and meditate on these truths, they open our hearts, though fastened with a thousand bolts, to believe without question all that he has said. Choose this day to believe God. And trust in Him.**
