

KEENERS GET WATER BAPTIZED

Who am I that you should listen to me? I am a 76-year-old man who did not become a Christian until I was 35 years of age, and had made lots of mistakes. By God's grace, I did not die before then. God used various people to draw me to himself. I knew that I was a selfish sinner and that I needed a savior. I accepted Jesus as my savior and my Lord and was publicly water baptized before a crowd, as my Bible instructed.

My very first video tells that story. It is called 'WHO HAPPENED TO FRED?' The short version is that I became a true believer at age 35 and have never had a doubt since. For 41 years I've had peace with God and pretty much everyone else. I know the difference between without God, and with God, and unless you do, you have no idea what you're missing, no idea the danger you are in. I mean this kindly.
