# TRY TO AVOID HELL

The only way to avoid hell is to repent of your sins.   Turn away from them forever.   Ask Jesus to forgive you and He will.   Then decide to live to please Jesus and not yourself.  The Bible says if you've broken one commandment, you've broken them all.   Have you ever stolen anything?   Have you ever lied?  Of course you are a sinner.   Examine yourself, and repent of every sin you can think of.  Then surrender to Jesus completely.

After 35 years of breaking commandments God led me to repent and cast my cares on Jesus.  Jesus gave me peace like I had never experienced before  He helped me to quit so many sins. I am not perfect and never will be but for 41 years I have continued in the surrender process.  If Jesus rescued me, he will certainly welcome you.   First repent and ask him to forgive and help you.
