

## **PRAY FOR WHAT YOU NEED**

**Be sure you humbly acknowledge God by constantly waiting on him for your spiritual growth. At first, a baby expresses his needs only by crying. But as soon as he knows who his mother is, he directs his cries to her. The Father can always find you, Christian. He knows what you want, and He waits to supply you until you cry to him.**

**Does God care for the beasts of the field? Then surely He will care for you, his child in his house. You might pray for more riches and be denied. But a prayer for more grace is sure to be answered quickly. Ask Him for what you need to serve Him and others better, and trust Him to meet your needs,**
